

Suren Gorgoyan

WORK EXPERIENCE

LS Innovations – React JS developer

02 2019 – 06 2019

Beaxy – React JS developer

06 2019 – 09 2019

Arssystems – React JS developer

10 2019 – 12 2020

BetConstruct – Software Engineer

12 2020 – 07 2021

Volo – Software Engineer

07 2021 – until now

EDUCATION

Yerevan State University

Bachelor degree in high Mathematic.

09.2011 – 05.2015

Armenian Code Academy

JavaScript and React courses.

10.2018 – 01.2019

PERSONAL CHARACTERISTICS

Responsible, self-confident, good team player, ability to make and maintain good working relationships with people.

INTERESTS

My recent works were games related to time calculations. It was very exciting. Also, I have work experience with React Native. As an interest, I can mention some advanced topics about new features in JavaScript. Such as new data types from ES6 (map, set) and generator functions. Also engineering isomorphic applications with Next.js.
